Two years ago, the MBTA sought and received public input on the future of the Mattapan High Speed Line. The MBTA considered immediate and long term needs and as a result, \$7.9M has been invested to upgrade the existing system and vehicle fleet to ensure continued service to the community for the next 8-10 years.

Join us at one of three public meetings the MBTA is hosting to learn about the results of the Mattapan High Speed Line study and share your feedback on this project.

**Massachusetts Bay  
Transportation Authority**

**MBTA. Welcome to a system of improvement.**

## Accommodations

All locations are accessible to people with disabilities. MBTA provides reasonable accommodations and/or language assistance free of charge upon request (including but not limited to interpreters in American Sign Language and languages other than English, open or closed captioning for videos, assistive listening devices and alternate material formats, such as audio tapes, Braille and large print), as available. For accommodation or language assistance, please contact Pat Nestor by phone 857-368-9018, or by email at [patrick.nestor@dot.state.ma.us](mailto:patrick.nestor@dot.state.ma.us)

Requests should be made as soon as possible prior to the meeting, and for more difficult to arrange services including sign-language, CART or language translation or interpretation, requests should be made at least ten (10) business days before the meeting. In case of inclement weather, meeting cancellation announcements will be posted on the internet at [mbta.com](http://mbta.com)
