# MBTA Commuter Rail

## Winchester Station - Advisory

- On January 7, 2021, the MBTA closed Winchester Station as a result of an inspection that indicated significant infrastructure deterioration to pedestrian ramps, stairs and canopies.
- The MBTA is currently in the process of hiring a contractor to conduct emergency demolition of the ramp, stair and canopy structures as needed to safely secure the station.
- The demolition work will begin in early February. Construction advisories will be distributed ahead of any significant work taking place. Neighbors can expect increased noise and periods of vibration from heavy equipment and machinery during the demolition work.
