Help us determine the future of the Silver Line!

The Silver Line Extension (SLX) Alternatives Analysis is a study to determine the feasibility, benefits, and cost of extending Silver Line service to Everett and the surrounding communities.

What's the purpose of this meeting?

The purpose of this meeting is to present an overview of the project, what we have found so far, and to gather input from the community.

How can I contribute?

Opportunities to provide input at the meeting will include: a discussion of the project need, goals, and objectives; the findings so far; and what alignments should be considered connecting Chelsea with Everett, Somerville, Cambridge, and/or downtown Boston. We will seek feedback via online polls during the meeting, and through an online feedback form, available on the project website in the weeks before and after the meeting.

Please pre-register for this meeting using the link. After registering, you will receive a confirmation email containing information about joining the meeting. A recording of the meeting will also be posted for those who are unable to attend. You can also email questions to SLX@MBTA.com.
