Proud to Serve You

Welcome Students

An urban college campus presents endless possibilities – and the MBTA is proud to serve our city's students to help ensure you get to where you need to go to take advantage of all of them!

Committed to Public Health on Public Transportation

Through the pandemic, we remain committed to doing **our part** to protect the health and safety of all of our riders and employees with increased cleaning and sanitation practices.

As a rider, we ask that you also do **your part** in helping to ensure the health and safety of everyone by staying vigilant and wearing your mask on the T.

We see this a shared responsibility; a pact between ourselves and our riders. A pact we call **Ride Safer.**

Ride Safer.
Wear a Mask
while riding
the T.
It's the law.

Ride Safer.

How to wear a face covering:

DON'T: Push your mask under your chin

DON'T: Wear the mask below your nose

DON'T: Wear your mask loosely with gaps

DO: Cover your mouth and nose fully making sure there are no gaps

Ride Safer

Protecting Your Health

The MBTA continues to take necessary steps to protect the health and safety of our riders and employees with increased cleaning and sanitation at stations and on vehicles. This includes:

Providing face coverings to riders

MBTA Transit Ambassadors and Customer Service Agents will distribute face masks at select stations.

Maverick
North Station
Back Bay
Forest Hills
Haymarket
South Station
JFK/UMass
Ashmont
Braintree
Harvard
Park Street
Copley
Kenmore

Ride Safer

Cleaning & Disinfecting

All subway & commuter rail vehicles disinfected on a daily basis, and buses cleaned multiple times per day.

All high-contact areas at subway stations (handrails, fare gates, and fare vending machines) are cleaned every 4 hours.

Cleaning and disinfecting

Vehicle Air flow

Every 60 seconds, our buses, trains, and trolleys recycle and refresh filtered air, and completely exchange air at least 10 times every hour

Vehicle Airflow

14x per hour fresh air

is exchanged via the HVAC units – more than most offices.

The fresh air is filtered before being introduced to the supply air.

Additional fresh air flow occurs when the doors are open at stops.

* Data reflects average MBTA subway vehicle.

Ride Safer

What You Can Do

All riders must wear a face covering that completely covers their nose and mouth while using public transit. Failure to comply may result in denial of boarding, removal, penalties under federal law.

We also encourage riders to:

- Maintain a safe distance from others when possible
- Wash hands often with soap and warm water for at least 20 seconds
- Cover coughs and sneezes
- Stay home if sick
- Avoid touching eyes, nose, and mouth
- Clean areas that are frequently touched with sanitizing spray or wipes

The Student Guide

- Whether you're meeting up with friends, volunteering, or going to work or class, this guide will help you navigate the T like a pro. [MBTA.com/college](https://www.mbta.com/college)

Trip Planner Tool

- Use our Trip Planner to get line and mode recommendations for your most common trips. [MBTA.com/trip-planner](https://www.mbta.com/trip-planner)

The screenshot shows the MBTA Trip Planner tool. At the top, the MBTA logo and name are on the left, and navigation links for 'Getting Around', 'Fares', 'Contact Us', 'More', 'EN', and 'Search' are on the right. Below the navigation is a breadcrumb trail 'Home > Trip Planner'. The main heading is 'Trip Planner'. On the left, there are input fields for 'From' (with a placeholder 'A Enter a location') and 'To' (with a placeholder 'B Enter a location'). Below these are dropdown menus for 'Depart at 3:15 PM, 8/24/21' and 'See more options'. A blue button labeled 'Get trip suggestions' is at the bottom of the form. To the right of the form is a map of Boston showing the Charles River, Charlestown, and East Boston. A small map control panel with zoom in (+), zoom out (-), and full screen (x) icons is positioned above the map. The MBTA logo is visible in the bottom right corner of the screenshot.
