## **MBTA Construction Services Contract No. J66CN01 Winchester Center Station Accessibility Improvements Construction Contract Award**

---

MBTA Board of Directors

October 27, 2021

Nathan Rae, Capital Delivery

# Project Overview

Rehabilitation and modernization of Winchester Center Station, including new side platforms, canopies, elevators, ramps, stairs, walkways, signage and wayfinding, lighting and security systems and other amenities.

# Request of the MBTA Board of Directors

---

## **VOTED:**

To authorize the General Manager, or his designee, to award and execute MBTA Contract No. J66CN01: Winchester Center Station Accessibility Improvements, (Construction Services) with Barletta Heavy Division, Inc., in a form approved by the General Manager, in the amount of \$47,631,000.

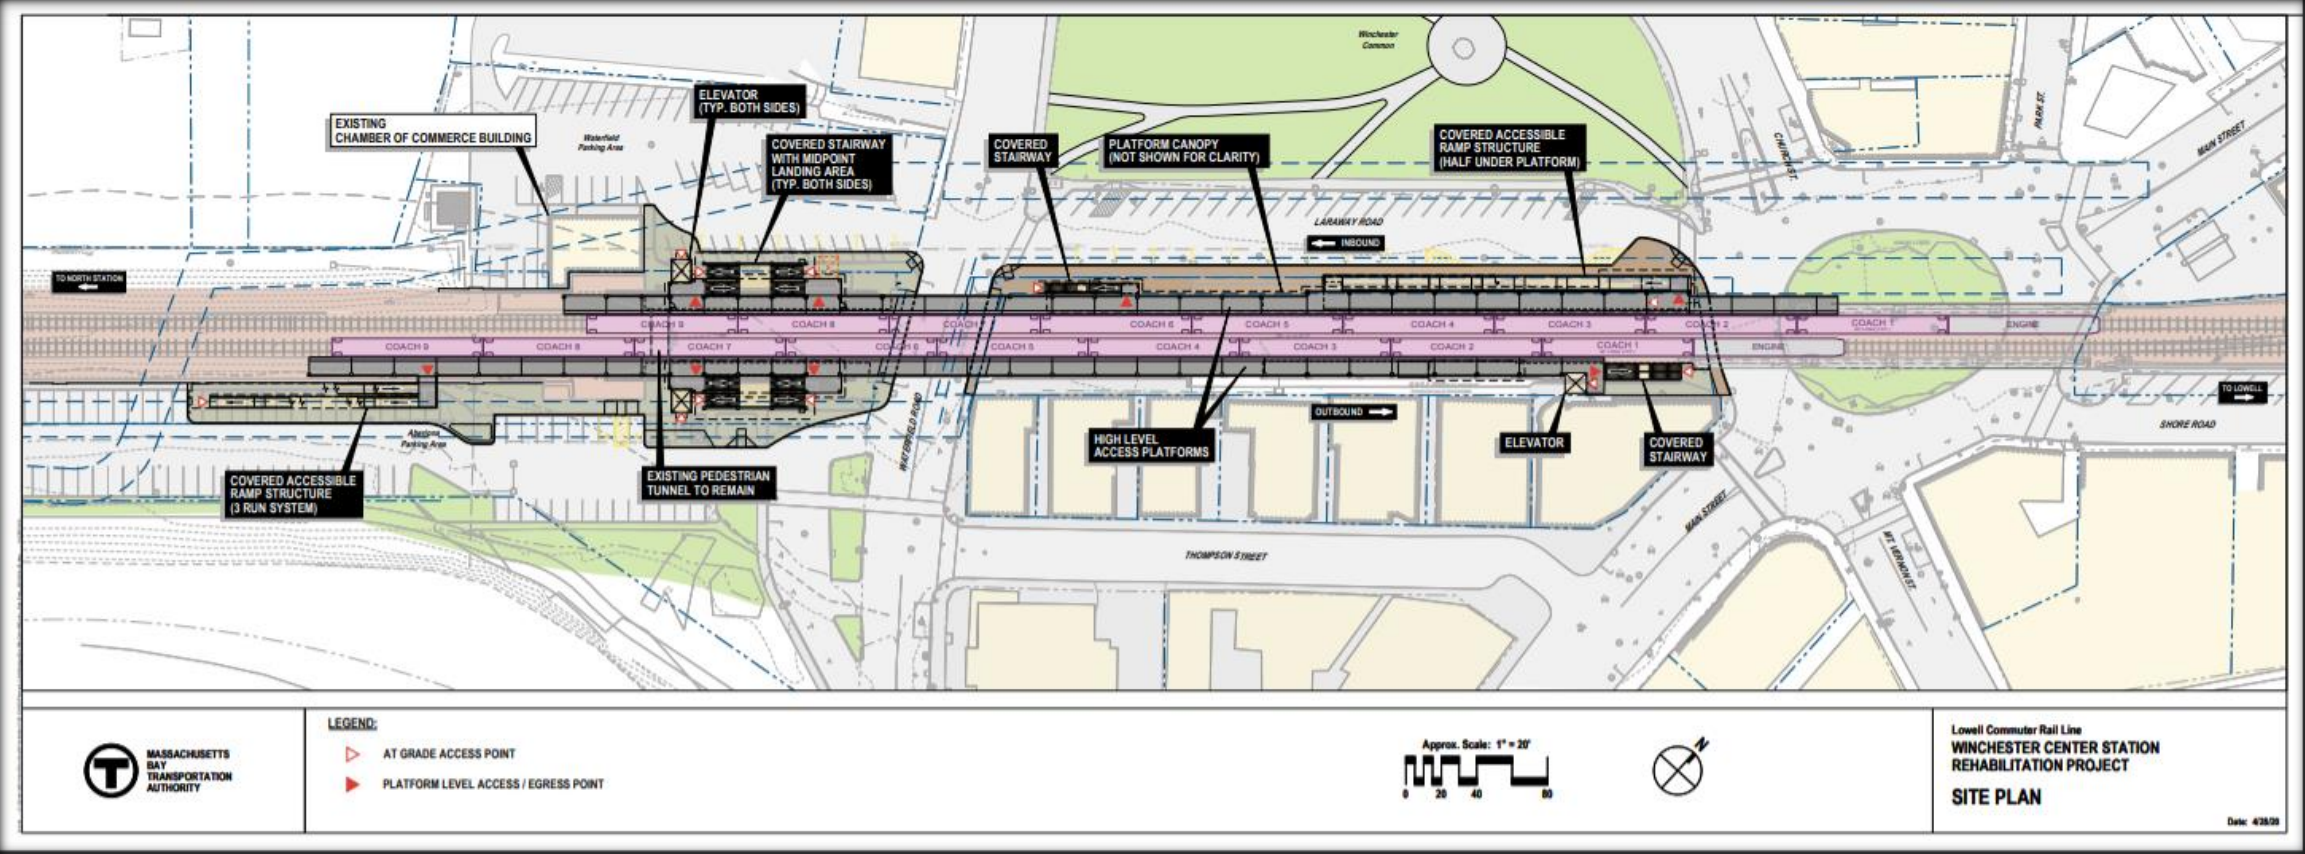

# Appendix

# Site Plan

# Project Benefits

---

## Safety

- Installation of permanent and emergency lighting, security cameras, and passenger assistance telephones.

## Accessibility

- Construction of two new high-level, fully accessible side platforms, covered stairwells, signage and wayfinding, lighting, platform canopies and benches, and associated infrastructure.
- Construction of new elevators and stairs on southern end of station to connect platform to ground level.
- Construction of new elevator, ramps, and stairs in middle of station to connect MBTA bus stop and Town center.

## Sustainability

- Use new Fiber Reinforced Polymer (FRP) composite panels for platforms and ramps to provide corrosion-resistant structures that can better withstand weather, de-icing chemicals and high foot traffic.

## Resiliency

- Use of resiliency design standards will assist in maintaining operations during extreme environmental events.

## Operations

- Two new high-level, fully accessible side platforms and improved circulation will shorten train dwell times and enhance customer experience. Improved track infrastructure through station limits.
