

Authorization for the MBTA to Obtain Driving Records

I am applying for a position at the Massachusetts Bay Transportation Authority (MBTA) that requires applicants to provide a copy of their driving records as part of the application process. I have a Massachusetts driver's license and have chosen to sign this authorization to allow the MBTA to access my driving records on my behalf. I understand that the MBTA is asking for my driver's license number in this Authorization to make sure that it's accessing the correct driving records, and that the MBTA will not use my driver's license number for any other purpose.

I understand that I have the option of contacting the Massachusetts Registry of Motor Vehicles to obtain my driving records and forwarding those records to the MBTA. I have chosen instead to sign this Authorization and allow the MBTA to obtain the records on my behalf.
