

# Green Line Transformation

## Construction Project Updates

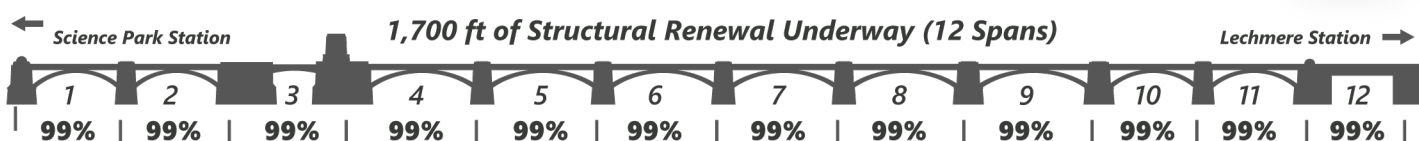

## Week in Review and Lookahead

Friday, February 4, 2022

This week, Green Line Transformation crews have been hard at work digging out from last weekend's snowstorm and preparing for more winter weather this weekend. We're continuing to make progress on the [Lechmere Viaduct Rehabilitation](#) project, and we have **completed our upgrades to Science Park station platforms**.

### Lechmere Viaduct Rehabilitation

[Lechmere Viaduct Rehabilitation Project](#): Strengthen and preserve the 110-year-old viaduct to sustain heavier loads & increased capacity

- ✓ **This Week** | Completed Science Park Station platform modifications
- **Lookahead** | Process change order work for emergency stairway access structure and Overhead Catenary System (OCS) mid-point anchor
