# **CIP Programs**

# **Reliability and Modernization Programs**

# **Bridge and Tunnel**

Repairs, reconstructs, and replaces Commuter Rail and transit bridges, tunnels, culverts, and dams

### **Maintenance and Administrative Facilities**

Rehabilitates and upgrades maintenance and administrative facilities

# Guideway, Signal, and Power

Rehabilitates, replaces, and upgrades guideway, signal, and power assets across commuter rail, transit, and bus systems

# **Passenger Facilities**

Rehabilitates and upgrades stations, stops, and parking facilities to improve accessibility and the customer experience

### **Vehicles**

Rehabilitates and replaces revenue fleets and non-revenue vehicle equipment for reliable and safe operations

# **Technology and Innovation**

Investments in technology to enhance productivity, modernize the system, and improve quality of service

# **Business and Operational Support**

Investments in asset management, safety and security, communications, and other systems supporting operations

# **Expansion Programs**

# South Coast Rail (SCR)

Extension of Commuter Rail service to Fall River and New Bedford on the South Coast of Massachusetts

# **Green Line Extension (GLX)**

Extension of Green Line service from Lechmere to Somerville and Medford

### **Expansion Projects**

Planning and design of targeted expansion projects identified as next priorities

# Overview | Capital Funding Sources

# Federal funding

### Formula funds

- Urbanized Area Program (Section 5307)
- Buses and Bus Facilities (Section 5339)
- State of Good Repair (Section 5337)

# Discretionary funds

 Competitive processes run by federal agencies. Funds included in the CIP after award.

# State funding

# **Project-Specific**

- Commonwealth bond proceeds for specific projects including:
  - South Coast Rail Phase 1, including 16 Commuter Rail coaches
  - o Green Line Extension
  - Red Line/Orange Line vehicles and infrastructure improvements
  - Procurement of 64 Bi-Level Commuter Rail Coaches

# **MBTA** sources

### Bond

Taxable, tax-exempt, and sustainability bonds

### Loans

 Build America Bureau (BAB) loans through TIFIA and RRIF

# **Operating Budget Transfer**

 Funds transferred from MBTA's operating budget to the capital program

### Capital Maintenance Fund (CMF)

 Authority's fund to be used at the discretion of the CFO

Note - The sum of MBTA bonds and loans is limited by the overall coverage ratio in order to maintain the MBTA's credit rating.

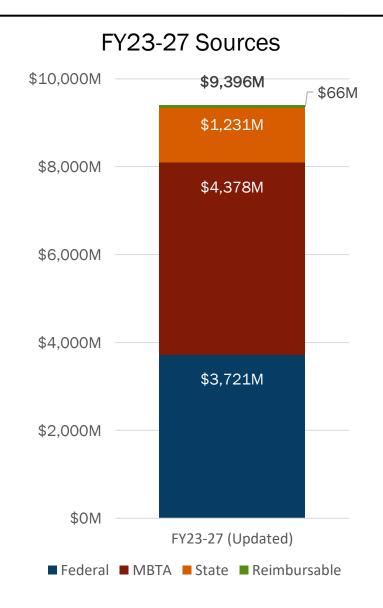

# **Others**

### Reimbursable

 Outside funds through partnerships and formal agreements

# FY23-27 CIP Funding Sources

The MBTA's FY23-27 CIP reflects an estimated \$9.4B in programmed sources

# Source Highlights:

**Federal** funds reflect Federal Formula funding levels included under the Bipartisan Infrastructure Law

MBTA sources support the 20% match for Federal projects, as well as MBTA-only funded projects

- Includes \$500-590M per year in planned new money (bonds and commercial paper) and existing USDOT loans (RRIF and TIFIA)
- Includes \$480M from the recent operating budget transfer to support critical one-time investments
- \$60M per year previously assumed as State Bond Cap now included as an annual operating transfer for all 5 years of the CIP

State funds include Bond Cap and Rail Enhancement Program special obligation bonds for specific projects. Sources are tied to project cashflows

# **Federal Discretionary Grants**

The **Bipartisan Infrastructure Law (BIL)** included new and reauthorized existing transit and infrastructure competitive grant programs that the MBTA will be eligible to apply for over the 5-year timeframe of the authorization

The MBTA will aggressively pursue all eligible discretionary funding opportunities in BIL. To accomplish this goal we will, (1) proactively identify grant opportunities, (2) identify competitive projects and (3) develop and submit strong applications

# **Project Selection for Grant Opportunities**

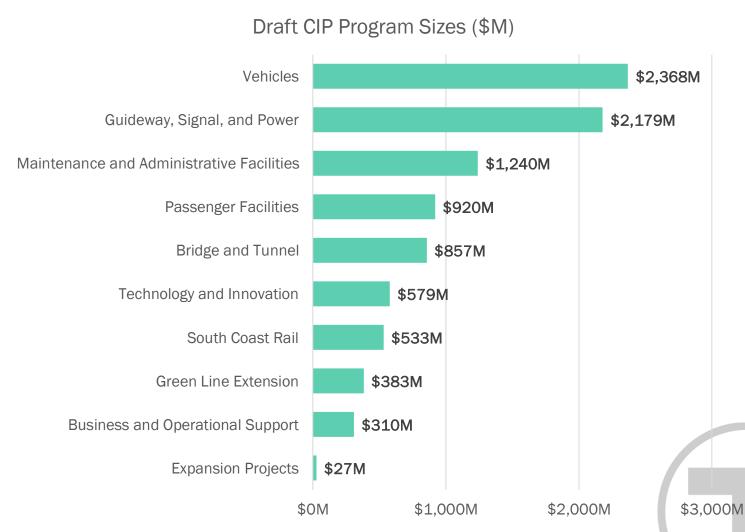

The MBTA will strive to pursue funding for projects that align with the MBTA's stated goals, strategic mission, and the 5-year CIP which is the MBTA's statement of priorities for capital investments

- The annual CIP development process will continue to establish the pool of projects for which the agency may develop a discretionary grant application
- In some cases, awarded funds will allow the MBTA to reallocate previously programmed funds and
  in other cases, awards may go to unfunded phases of a project or increased project costs
- On a limited basis, the best fit for a grant program may be a project that is "next up" in prioritization (as determined in the CIP process) but has not yet made it into the CIP

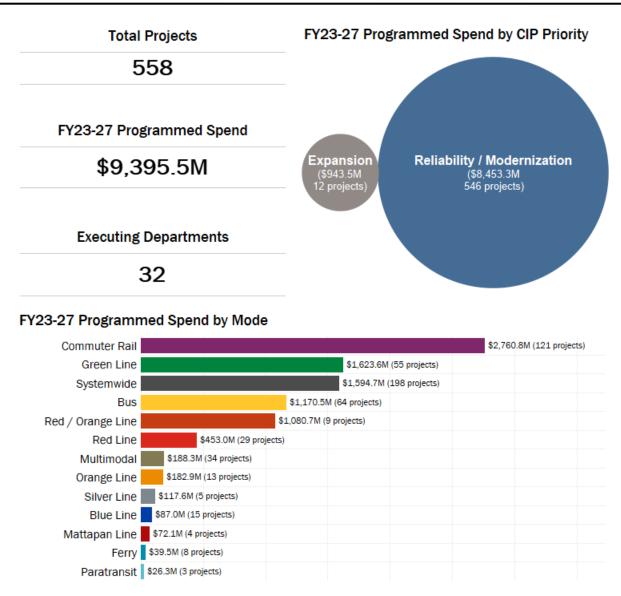

Many discretionary grant applications require candidate projects to be in an organization's capital planning documents or long-range plans.

# FY23-27 CIP Program Sizes

- Program sizing allows the MBTA to set clear priorities for investment at the program level
- Program sizes remain level relative to their proportion of prior CIPs and now align with project budgets and schedules for projects included in the draft CIP
- Changes in program sizes from initial recommendations are driven by the refinement of projected yearly spending for existing projects, as well as minor updates based on the project prioritization exercise

# FY23-27 CIP | Safety Spotlight

430+ safety related projects, accounting for roughly \$7.5B of programmed spending are part of the 5-year CIP. This includes but is not limited to:

**5** projects currently being executed by the Safety department that comprise:

- Safety management system implementation
- Occupational, personnel, and electrical health and safety
- Infrastructure and PPE improvements

230+ projects to inspect, repair, and upgrade stations, tracks, bridges, tunnels, signals, power, and IT infrastructure and components

100+ projects to modernize maintenance and operation facilities, ensure workforce safety, and prepare for new fleets

You can also visit <a href="mailto:mbta.com/safety">mbta.com/safety</a> for more information on the MBTA's safety initiatives

# CIP key safety projects

All requests for new and existing projects are evaluated using 8 scoring criteria, which include safety.

# Rapid Transit

- Green Line Train Protection (P0370)
- Blue Line Harbor Tunnel Infrastructure Improvements (P0631)

### **Commuter Rail**

- CR Positive Train Control (P0148)
- North Side Automatic Train Control (P0606)

### **Bus and Paratransit**

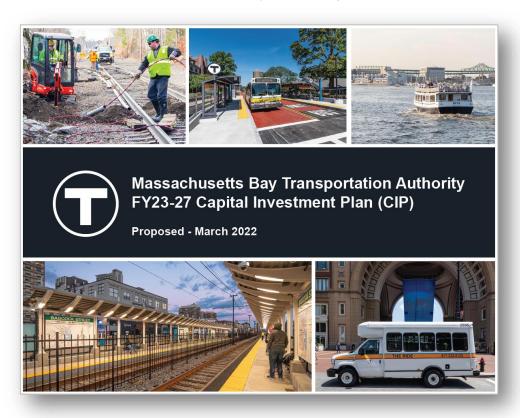

- Bus Facility Modernization and Interim Improvements (P0942)
- Facility Circulation Safety Improvements (P1003)

# Systemwide

- OHS PPE and Infrastructure Improvements (P0646)
- Structural Repairs Systemwide (P0852)

# CIP Document | Structure

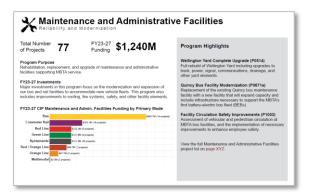

The Draft FY23-27 CIP document is structured around three major components:

- 1 Overview of the CIP
  - What is the CIP?
  - Structure of the CIP
  - Funding Sources

- Annual Development Process
- Public Engagement
- 2 FY23-27 Investment Programs

One-page overview for each CIP program summarizing program goals and planned investment level for FY23-27

- 3 FY23-27 Project List
  - Detailed listing of all capital projects included in the FY23-27 CIP
  - Includes project description, phase, primary mode, planned five-year spend, and total authorized budget

# CIP Public Engagement Strategy

# What is the public engagement strategy?

Provide an overview of the CIP, highlight key investments, and invite public comments through multiple avenues

# What are key avenues for public engagement?

- <u>CIP website</u> and social media will be utilized to gather and publicize public engagement info
- **Public meetings:** three meetings will be held between March and April. Schedule to the right
- Call for action: key stakeholders will be invited to participate
- CIP Comment Tool: general or project-specific comments can be provided through online tool
- Email: comments can be emailed to <a href="mailto:cipengagement@mbta.com">cipengagement@mbta.com</a>
- Letters: physical letters will be accepted to gather comments from non-virtual means

# **Public Meeting Schedule**

Three virtual meetings will be held to gather public input

March 31st, Thursday, 6:00-7:30 pm: 1st public meeting

April 6<sup>th</sup>, Wednesday, 6:00-7:30 pm: 2<sup>nd</sup> public meeting

April 12<sup>th</sup>, Tuesday 7:00-8:30 pm: 3<sup>rd</sup> public meeting

Meetings will be held over Zoom. Details and instructions will be provided on <a href="MBTA's CIP website">MBTA's CIP website</a> and through press releases, station screens, and bus car cards.

# **Project Evaluation and Scoring**

Evaluation and Scoring Process

# **Initial Screening**

Project sponsors from MBTA departments submit project charters to request (1) funding for a new project, or (2) to request additional funding for an existing project

All requests are reviewed by Capital Planning and mapped to the location of the affected asset and expected location of customer impact

# **Evaluation**

Small, cross-functional teams evaluate project requests with supporting data, including geoDOT map that integrates data for flood risk, social equity and economic impact scoring

Safety and Security departments score all projects for safety and security impacts

# Scoring

Evaluation teams, including Safety and Security departments submit raw scores for each project submission.

All raw scores are averaged and weighted according to project priority

- Through the FY23-27 CIP development process, 203 requests were received from 28 MBTA departments.
- A broad cross section of MBTA employees evaluated and scored CIP requests using a new Microsoft PowerApps tool.
- All Technology and Innovation project requests were evaluated and scored by the MBTA's internal IT Governance Committee, which allocates capital funding to technology-related investments.

# **Scoring Criteria and Weights**

			Scoring Weights	
Criteria	Description	Subcriteria	Rel. / Mod.	Expansion
System Preservation	The extent to which the project contributes to a state of good repair on the transportation system and aligns with asset management goals.	<ul> <li>Asset Condition (5 points)</li> <li>Impact to Other Assets (1 point)</li> <li>Operations Criticality (2 points)</li> <li>Flood Risk (1 point)</li> <li>Severe Weather Resiliency (1 point)</li> </ul>	30%	N/A
Mobility	The extent to which the project is intended to provide modal options efficiently and effectively for all users through benefits to reliability, accessibility, and other measures of service quality.	<ul> <li>Impact on Reliability (2 points)</li> <li>Impact on Accessibility (2 points)</li> <li>Impact on Customer Experience (2 points)</li> <li>Impact on Riders (4 points)</li> </ul>	15%	25%
Cost Effectiveness	The extent to which the project impacts operating costs and revenues and maximizes the return on the public's investment.	<ul> <li>Impact on Operating Costs (5 points)</li> <li>Impact on Operating Revenues (5 points)</li> </ul>	10%	25%
Environmental and Health Effects	The extent to which the project meets State goals of improving air quality and reducing greenhouse gases, and results in a reduction of pollution.	<ul> <li>Air Quality and GHG Reduction (5 points)</li> <li>Reduce Pollution and/or Natural Resource Consumption (5 points)</li> </ul>	10%	10%
Policy Support	The extent to which the project is aligned with MBTA policy priorities, including Focus 40.	<ul><li>Alignment with Focus40 (5 points)</li><li>Alignment with MBTA Strategic Planning Report (5 points)</li></ul>	5%	10%
Social Equity	The extent to which the project equitably distributes social, economic, and health benefits to residents and local businesses.	<ul> <li>Benefits to EJ and Title VI Communities (7 points)</li> <li>Additional Equity Benefits to Vulnerable Populations (3 points)</li> </ul>	10%	15%
Economic Impact	The extent to which the project supports economic growth in the Commonwealth.	<ul> <li>Impact on Connectivity to Employment Centers and Priority Places (3 points)</li> <li>Impact on Corridors At or Near Capacity (3 points)</li> <li>Impact on Communities with Transit-Supportive Land Use (3 points)</li> <li>Impact on Housing Choice Communities (1 point)</li> </ul>	5%	15%
Safety	The extent to which the project addresses documented or identified safety issues and hazards, and security vulnerabilities and risks. (Note: scored by Safety and Security departments.)	<ul> <li>Impact on System Safety (7 points)</li> <li>Impact on System Security (3 points)</li> </ul>	15%	N/A
