

Week in Review and Lookahead

Friday, April 1, 2022

Over the past weekend crews worked on the D Branch doing maintenance work and **making improvements to infrastructure between Kenmore and Riverside**. Progress also continued on our other projects on the Red and Orange Lines, read below to learn more.

D Branch Improvements

D Branch Improvements (Kenmore to Riverside): Crews performed upkeep and made various improvements along the D Branch

- ✓ **This Weekend** | Over the weekend of March 26 – 27 crews made a variety of improvements along the D Branch, which included fine-tuning the overhead power system in the Fenway portal, adjusting the electrical system at Reservoir Station, and new rail installation at Chestnut Hill
- **Lookahead** | Crews will monitor all the improvements along the D Branch to ensure quality of the work. This activity does not have any impact service for riders
