**Green Line Track Upgrades**

*Green Line Track Upgrades:* From June through October, we'll complete over 10,000 feet of track upgrades on the B, C, D, and E branches alongside work on the Green Line Train Protection System (GLTPS)

- **This Week** | Crews welded rail in preparation for construction on the E Branch
- **Lookahead** | From Saturday, August 6 to Sunday, August 21, technicians will install GLTPS Train Protection kits in the tunnel, attach speed sensors to the track and replace more than 2,500 feet of track between Longwood Ave and Brigham Circle, at the Northeastern siding track, and the Heath St loop. The GLT team will also collaborate with other stakeholders and MBTA departments to complete extra work in order to amplify the results of this construction
