The MBTA is upgrading the 120-year-old rapid transit Orange Line serving the communities of Malden, Medford, Somerville, and Boston.

When complete, this work will bring to Orange Line riders an improved overall quality of service, faster travel times, and better service reliability.

The Green Line Extension extends the Green Line from Lechmere in East Cambridge to Union Square in Somerville.

The T will perform final-phase construction work necessary to open the Medford Branch, which is now anticipated to open in fall 2022. The diversion is also necessary to allow for continued work by the private developer responsible for the demolition and redevelopment of Government Center Garage.

The MBTA is committed to working with the City of Boston and all our municipal partners to provide our riders with alternative travel options during upcoming service disruptions. *The Rider's Guide to Planning Ahead* is a tool to provide you with options and information to inform your travel needs while the MBTA continues to Build a better T.
Upcoming Closures
These closures will aim to accelerate projects to make the T safer, faster, and more reliable for riders

Orange Line Closure
• The MBTA is planning for a full closure of the Orange Line from Oak Grove to Forest Hills beginning Friday, August 19, 2022, at 9:00 pm through Sunday, September 18.
• The closure will address a maintenance backlog and planned construction investments, all of which are focused on safety improvements and returning the system closer to a state of good repair. This extended full access closure will bring to Orange Line riders an improved overall quality of service, faster travel times, and increased service reliability.

Green Line Closure (Union Sq. Branch)
• Beginning Monday, August 22, through Sunday, September 18, service will be suspended on the Green Line between Government Center and Union Square to allow the T to perform final-phase construction work necessary to open the Medford Branch, which is now anticipated to open in fall 2022.
• This diversion is also necessary to allow for continued work by the private developer responsible for the demolition and redevelopment of Government Center Garage.
Enabling Major Revitalization Work on the Orange Line
The Orange Line closure will allow us to achieve planned repairs and upgrades

Orange Line work
Thirty days of 24-hour access will replace more than five years of Orange Line night and weekend diversions, and allow us to achieve repairs and upgrades.

• Track repairs to eliminate critical slow zones at Jackson Square, Back Bay, Tufts, and Haymarket
• Implementation of Maintenance of Way workplans to replace signals, power, track, ties, and ballast to bring the system into an advanced state of good repair
• Replace 3,500 feet of rail at Wellington Yard
• Replace crossovers to facilitate train movements, improve reliability, and add future capacity
• Repair Southwest Corridor special trackwork to improve reliability
• Install upgraded signal system at Oak Grove and Malden to increase safety and reliability
Green Line work

Suspension of Green Line (Union Square to Government Center) service will enable the MBTA to facilitate the opening of the Medford Branch and perform final-phase construction work.

• Adjustments to the overhead wire on the East Cambridge Viaduct that will eliminate a temporary 10 mph speed restriction, allowing trolleys to operate at the system's designed speed of 25 mph on a permanent basis

• Final testing and integration of track switches, power lines, signal equipment, and digital communications between the Green Line’s currently operating Union Square Branch, the soon-to-be-operational Medford Branch, and the MBTA's Operations Control Center

• Installation of the last remaining sound wall panels along the Union Square Branch and other non-critical work items along the Medford Branch
Planning Ahead

Orange Line (Oak Grove to Forest Hills) – 9pm August 19 to September 18

During the Orange Line shutdown, the MBTA encourages those who can work from home to do so and for the public that needs to travel, to consider alternative travel options.

Green Line (Union Square to Government Center) – August 22 to September 18

During the Green Line shutdown, riders traveling between Government Center and Union Square will board free and accessible shuttle buses, which will make stops at Lechmere station and the Lechmere station bus loop.
Onsite Navigation & Assistance

Onsite Signage will include:
• In-station, directional signage (at all affected stations)
• Highly-visible feather flag banners will mark all shuttle bus boarding areas at each stop throughout the 30-day diversion for riders

Transit Ambassadors will also be available to assist riders:
• We are increasing Transit Ambassador staffing at OL station street level locations for the duration of the closure

MBTA’s Trip Planner Tool
• For help with personal travel and identifying the best route from their specific location, riders can access the MBTA’s online Trip Planner tool: MBTA.com/trip-planner
Enhanced Commuter Rail Options
• Riders commuting downtown are encouraged to use the Commuter Rail
• Riders can simply show their CharlieCard or CharlieTicket to conductors to ride the Commuter Rail in Zones 1A, 1, and 2 on ALL Commuter Rail lines at no charge.

Subway
• Green Line E Branch

Shuttles (all shuttles are accessible)
• Free shuttle buses between Oak Grove and Haymarket, Government Center
• Free shuttle buses between Forest Hills and Back Bay, Copley
• Accessible vans are also available upon request

The RIDE
• Due to the free shuttle bus service, RIDE trips that begin and end within ¾ mile of the Orange Line will be free for RIDE users during the 30-day shutdown.

Alternative Bus Routes to Orange Line
• Silver Line 4 and Silver Line 5 - including added T bus service to increase frequency and rider capacity
• Route 39 bus, servicing Forest Hills – Back Bay Station
• CT2 bus, servicing Sullivan Square – Ruggles Station
• Route 92 and Route 93, servicing Sullivan Square – Downtown Crossing
• Route 43, servicing Ruggles – Park St.

Bluebikes
• Bicycle sharing system Bluebikes offers bike shares with stations located throughout the Boston metropolitan area
• Note: the City of Boston will offer free 30 Day Bluebikes passes to assist with alternative travel during this time
• To find the nearest bike station, use Bluebikes’ “Find a Bike” System Map Tool: https://member.bluebikes.com/map/

MBTA’s Trip Planner Tool
• For help with personal travel and identifying the best route from their specific location, riders can access the MBTA’s online Trip Planner tool: MBTA.com/trip-planner

**Shuttle Type**
- All shuttles will be accessible, and all are contractually obligated to meet USDOT accessibility standards.
- While some low-floor buses, with ramps at the front of the bus will be in use, the majority will be high-floor coach buses with wheelchair lifts near the rear of the bus.
- Note: upon request, accessible vans will be available for riders who prefer them for this reason.

**Accessible Vans**
- Approx. 20 wheelchair-accessible vans will be on hand to supplement alternative bus service.
- Vans will be combination of ramp-equipped and lift-equipped vehicles, and will be positioned at or nearby each Orange Line station. Again, any rider preferring to be transported via accessible van can request to do so.

**Accessibility policies**
- MBTA and Yankee employees are required to honor all reasonable requests for assistance, including providing sighted guide to/from shuttles and stations, finding a seat on a vehicle, requesting accessible vans, etc. Service animals are welcome on all shuttle buses and vans during all hours of operation.

**On-site Staff Assistance**
- Transit Ambassadors and other T personnel will be located outside each Orange Line station to assist riders.

**The RIDE**
- The RIDE continues to be available to anyone with a disability that prevents them from taking the fixed route. Due to the free shuttle bus service, RIDE trips that begin and end within ¾ mile of the Orange Line will be free for RIDE users during the 30-day shutdown.
- To schedule The RIDE, call 844-427-7433 (MA Relay 711). To learn more and/or apply for the service, please contact the Mobility Center at 617-337-2727 (MA Relay 711). Eligibility decisions take 1-3 weeks after completing the application, interview, and assessment process.

**Questions or need to report a problem?**
- To ask questions or report complaints about this diversion, or to request a reasonable accommodation, contact Customer Support Center by calling 617-222-3200 (MA Relay 711) or by submitting an online customer complaint form.
- If you have questions specific to any of the accessibility considerations mentioned in this e-mail, you can also contact the Department of System-Wide Accessibility directly at swa@mbta.com.
Orange Line riders commuting downtown are strongly encouraged to use the Commuter Rail as an alternative as the MBTA is making a series of changes in service to accommodate the change in travel patterns.

Riders can simply show their CharlieCard or CharlieTicket to conductors to ride the Commuter Rail in Zones 1A, 1, and 2 on ALL Commuter Rail lines at no charge.

#### Keep in Mind:

- This schedule will be effective from August 19th to September 18th, 2022. Haverhill Line Trains will make additional stops at Oak Grove to accommodate Orange Line passengers impacted by the bus diversion between Forest Hills and Oak Grove.
- Regular Spring/Summer schedule will resume on September 19th, 2022.

- **Times in purple with "*"** indicate a flag stop: Passengers must let the conductor know they wish to exit. Passengers waiting to board must be visible on the platform for the train to stop.
- **Times in blue with "*"** indicate an early departure: The train may leave ahead of schedule at these stops.

- **Bikes**: Bicycles are allowed on trains with the bicycle symbol shown below the train number.
- **High level platform and bridge plate available. Visit mbta.com/accessibility for more information.**
