

Week in Review and Lookahead

Friday, May 26, 2023

Work on [Symphony Station](#) utility relocation is progressing, and the GLT team is continuing to prepare to make more upgrades around the Green Line system later this year

Symphony Station Accessibility Improvements

- ✓ **This Week** | Workers completed installation of a new manhole, and continued excavation for new ductbanks on Massachusetts Ave. Crews also began excavating a test pit for a new manhole for electrical conduit near Symphony Towers
- **Lookahead** | Crews will continue work on the manhole for electrical conduit and prepare for installation of conduit on the underside of the overpass above Huntington Ave
