- **Tufts Curve: Northbound Side**
  - **OAK GROVE**
  - **100% Completed**

- **Tufts Curve: Southbound Side**
  - **FOREST HILLS**
  - **90/90 Completed**

- **This Week** | Concrete repairs at Tufts Curve continued this week

- **Lookahead** | Crews will complete concrete repairs and prepare to demobilize from the site next week

*Schedule subject to change with weather conditions and in accordance with public health directives. Project percentages represent the value of the installed work.*
**Wellington Yard and Maintenance Facility Updates**

Wellington Yard: Upgrade Wellington Yard to increase service capacity, replace outdated infrastructure, and enhance safety

- **This Week** | Crews continued with punch list work and general clean-up of the yard. Crews performed preparation work for the erection of two high mast light poles and the final cutover of the new power system scheduled for July 8

- **Lookahead** | Crews will continue working on punch list items and clean-up

---

**Wellington Maintenance Facility:** Modernize the Vehicle Maintenance Facility to improve vehicle maintenance, reduce downtime and customer wait times, provide cleaner trains, and deliver safer operations

- **This Week** | Crews worked on grouting at track 19

- **Lookahead** | Crews will begin installation of aluminum retractable stairs at pit tracks 14 – 17. Caulking work will begin on the west exterior façade of the building

---

*Schedule subject to change with weather conditions and in accordance with public health directives. Project percentages represent the value of the installed work.*
**Traction Power Substations:** Modernize the third rail power supply to reduce the risk of service disruptions; develop a power system capable of supporting additional Orange Line service

- **This Week** | At Oak Grove, crews installed power connections to the transformer
- **Lookahead** | Crews will continue performing cable connections and testing on the new equipment
