

Week in Review and Lookahead

Friday, August 25, 2023

Work continued to progress on upgrades to the Orange Line traction power system and Wellington Vehicle Maintenance Facility this week.

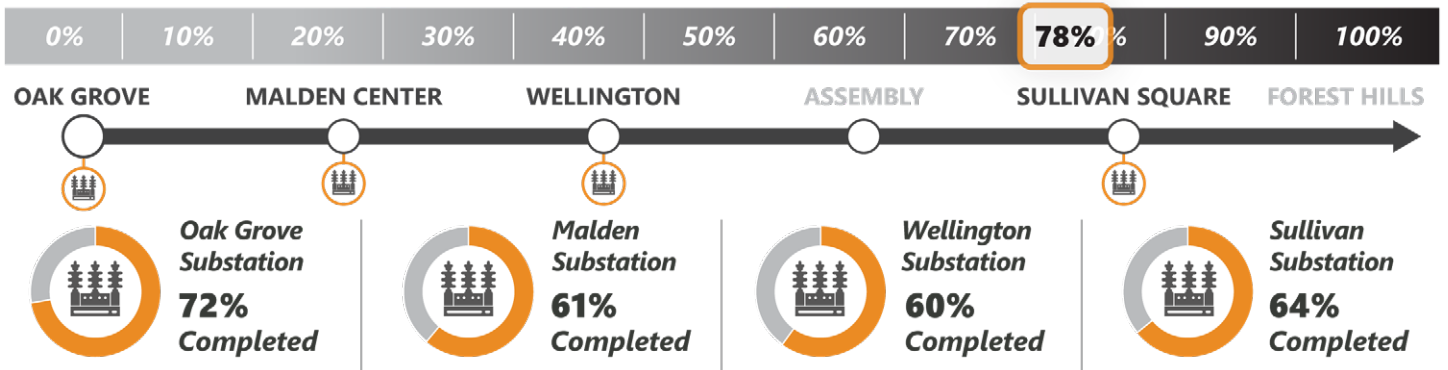

Wellington Maintenance Facility Updates

Wellington Maintenance Facility: Modernize the Vehicle Maintenance Facility to improve vehicle maintenance, reduce downtime and customer wait times, provide cleaner trains, and deliver safer operations

- ✓ **This Week** | Crews completed the last concrete pour of the track 19 slab. Electricians are installing operations controller push buttons at track 14
- **Lookahead** | Crews will continue working on tracks 14 and 19 and performing electrical modifications within the building

Traction Power Substations

Traction Power Substations: Modernize the third rail power supply to reduce the risk of service disruptions; develop a power system capable of supporting additional Orange Line service

- ✓ **This Week** | At Oak Grove, crews continued working on electrical connections at transformer 2 and performing testing
- **Lookahead** | Crews will continue performing cable connections, installing electrical connections, and testing new equipment
