Ashmont Branch ee Red Line waxay soo bandhigtay qaar ka mid ah qeybaha duugga ee siistemka. Hawlaha soo socda, shaqaalahena waxay dib u nooleyn doonaan dhismaha - sida baddalaadda khadka treenka, xermooyinka, iyo dabka inta u dhexeyso JFK/UMass iyo Ashmont, taasoo si wanaagsan u hagaajin doonto kaddibna wanaajin doonto waqtiyada safarka marka laga saaro 28 meel ay ka jirto xannibaadda socodka treenka.

Waxaan kaloo si firfircoon u raadin doonaa fursado aan ku xoojino waxa uu rakaabka kala kulmo, anagoo xoogga saarna hagaajinta saldhigga, jaridda dhirta, iyo hagaajinta gelitaanka. Bacdamaa rakaabka raaca Mattapan Line ku wareegaan Red Line marka la joogo Ashmont, in isla mar shaqo laga fulliyo labada khad waxay sii xoojin doontaa isku haleynta iyo adeegga, taaso yareysa carqaladeynta rakaabka.
