The Red Blue Connector project would connect the Red and Blue lines by extending the Blue Line beyond its current terminus at Bowdoin station through a new tunnel under Cambridge Street to Charles/MGH station on the Red Line.

Join us for a Community Meeting!

The MBTA is hosting two in-person community meetings in October. At these meetings, the team will present an overview of the preliminary engineering and upcoming state and federal environmental review milestones. Following the presentation, the project team will be available to take comments and questions. The same information will be shared at both meetings to allow the public to attend the most convenient location.
