

Orange Line Transformation

A Capital Transformation Program

Orange Line Transformation Program Update, Friday, November 10

Progress continues on multiple projects under the [Orange Line Transformation](#) (OLT) program. Continue reading for more information. We'd like to sincerely thank veterans for their service and wish them all the best this Veterans' Day.

New electrical cables connect Sullivan Station to the traction power substation

Did you know...

... that all services will operate on a regular schedule during Veterans' Day observance? Visit mbta.com/holidays for more information about when holidays will modify schedules.

OLT Improvements Continue Across the Orange Line

- **Wellington Maintenance Facility**
Modernizing the [Vehicle Maintenance Facility](#) will reduce downtime and customer wait times, provide cleaner trains, and deliver safer operations. In the maintenance facility, crews are applying sealer coatings at tracks 12 and 13. Going forward, crews will continue working on track 12 and 13 drains, completing fire alarm installation, and closing out punch list items.
- **Orange Line Traction Power Substation Upgrades**
Upgrades to the [Traction Power Substations](#) will modernize the third rail power supply to reduce the risk of service disruptions, as well as develop a power system capable of supporting additional Orange Line service. At Sullivan, crews are working on feeders to the passenger station and miscellaneous lighting and conduits. Looking ahead, crews will continue performing cable connections, installing electrical connections, and testing mobile substation at Sullivan station.

Adjacent Projects

We also want you to be aware of adjacent projects. While the OLT team does not directly oversee these projects, we coordinate closely with the teams leading them. For the latest information about service changes, please visit the [Orange Line Alerts page](#), [sign up for T-Alerts](#), and follow the [MBTA on Twitter](#).

- **Shuttle Replacement Services**

Shuttle buses will replace Orange Line service between Oak Grove and North Station during the weekend of November 11 – 12 due to track work. To report construction issues and noise complaints, please call the Weekend and Early Access Work Hotline: [617-222-3331](tel:617-222-3331).

Please note the schedule for these major infrastructure projects is dependent on weather and subject to change without notice.

For More Information

For more information on speed restrictions, visit the online [Speed Restriction Dashboard](#) that provides riders with up-to-date information on speed restrictions across the MBTA system.

Visit www.mbta.com/OLT to see the numerous projects that OLT is carrying out to improve your experience riding the Orange Line. To stay informed of service changes, sign up at www.mbta.com/alerts.

If you have any questions, please email OLT@mbta.com.
