- Safety Product Updates
- 2023 Agents of Safety Awards

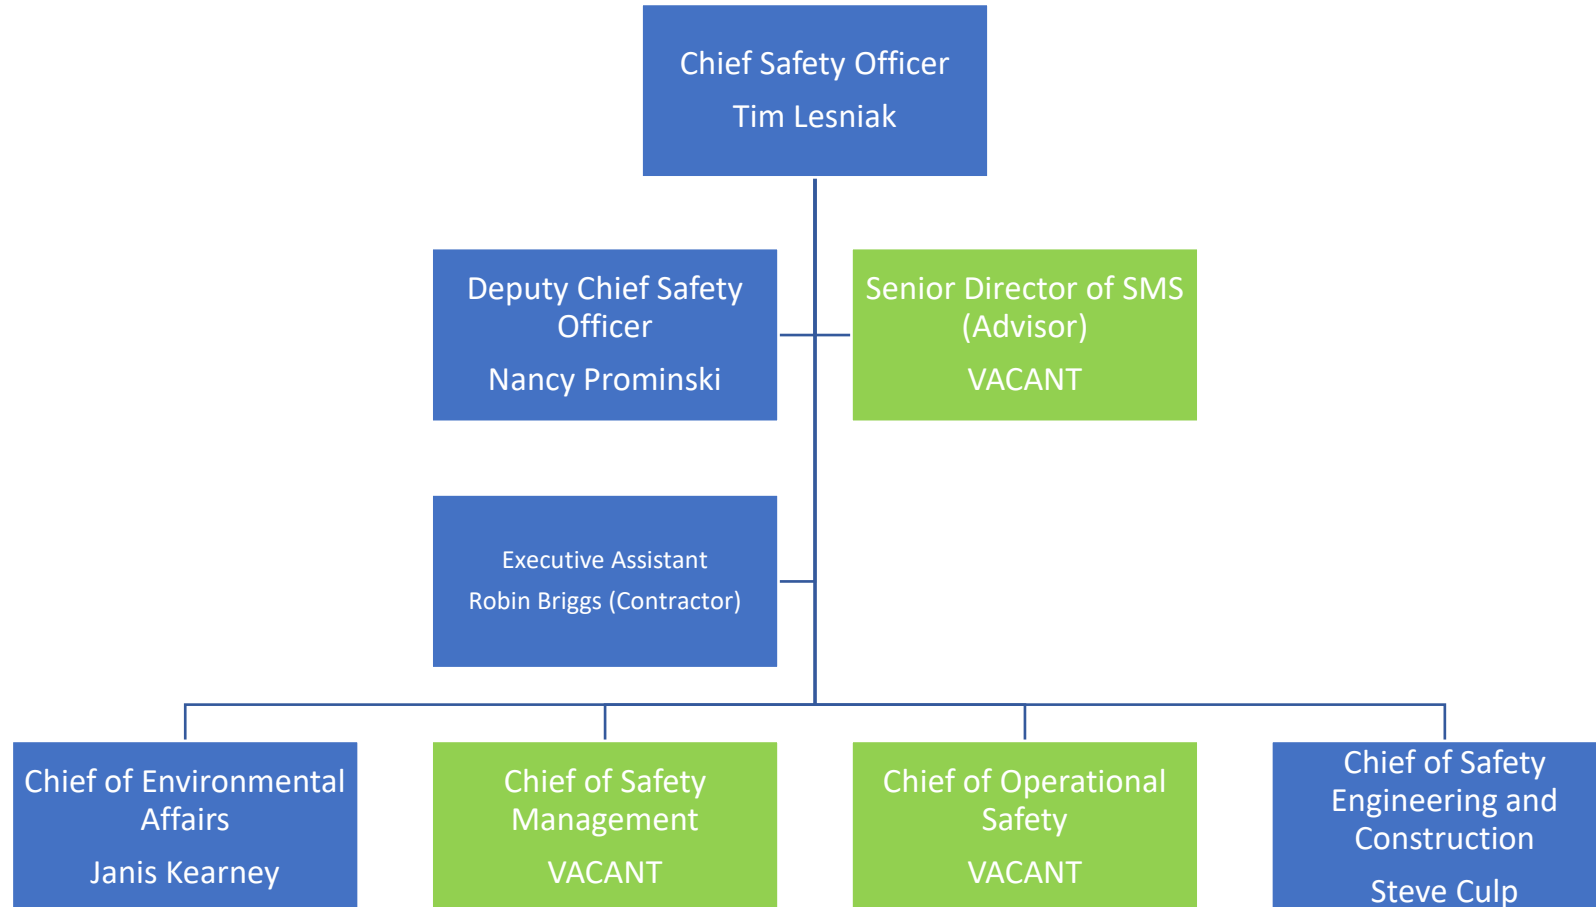

Safety Division Reorganization

- Reorganized and aligned various departments with overall MBTA safety goals.
 - Created new structure centered around four main safety pillars: **Environmental Affairs, Safety Management, Operational Safety, and Safety Engineering & Construction**
 - Departments within each pillar include:
 - **Environmental Affairs:** Environmental Review & Permitting, Energy Management, and Environmental Compliance
 - **Safety Management:** SMS and Safety Oversight, Safety Risk Management, Safety Documentation, and Administration.
 - **Operational Safety:** Commuter Rail & Ferry Safety, Bus Safety, Transit Rail Safety and Occupational Safety
 - **Safety Engineering & Construction:** Construction Safety, Construction Safety Plans and Safety Certification
- 

New Safety Leadership Structure

2023 MBTA Agents of Safety Awards

- Agents of Safety Awards are held annually to honor MBTA's safety employees for their outstanding performance.
- Award program acknowledges employees who have demonstrated high levels of safety excellence in their job performance or have provided valuable safety input that has affected a positive change.
- Agents of Safety Awards were given to 36 individuals at an awards ceremony held on Wednesday, December 6.
