Dear Board of Directors:

The City of Revere is in full support of the MBTA's Phase 1 Improvements for the Better Bus Network Redesign planned for Revere in December of 2024. The city's planning department has been collaborating with the staff in the MBTA's Transit Priority and Bus Transformation Offices regarding improvements to the 110 and 116 bus routes that will offer our residents with all day high frequency service and better transit.

Re: **Bus Network Redesign – Phase I**

Dear General Manager Eng,

On behalf of the residents and employers of the City of Malden we express the City's whole-hearted support for the MBTA's Bus Network Redesign (BNRD) Phase I. For Malden, Phase I of BNRD will help advance implementation of Malden's Transit Action Plan that we completed as the MBTA undertook the BNRD planning in 2022-2023.

Dear Secretary Tibbitts-Nutt and Members of the MBTA Board,

Thank you for the opportunity to comment on the MBTA's proposed bus network redesign in the City of Everett. The city values the partnership it has developed with the MBTA in the past few years and we value the focus and attention that the Bus Network Redesign project has placed on the City of Everett and recognizing the need for improved transit service to our residents, current and future.
